For the purposes of this application Condition 17 is most relevant to highway matters. This relates to the cycle/footpath details. It is understood that the formal Section 38 Agreement is in progress with the LHA's Highway Agreements Team. It is understood that there are some areas still to be agreed but the general layout has been agreed.

From a planning perspective having reviewed the submitted drawing K43058-ATCN-90-ZZ-DR-C-2328-P4 - S38 Master Agreement Plan we would be satisfied from a planning perspective the requirements of the condition have been met and therefore the details would be approved.
