Comments:	I would like to object to this application to change a family home into an institution for challenged young people. Child First states that the young people they accommodate behaviours include running away, substance misuse, criminal activity, anti-social behaviour and sexualised behaviour. [redacted] The parents of Buckingham Park primary school have not been informed of this proposed development. Many very young children walk home past this site on their own. The school is extremely close. West Sussex county council are responsible for Buckingham Park primary school but want Child First to expand. Is there a conflict of interest. If this proposal passes there is NO right of appeal.

Kind regards
