Comments Details

Comments:	Whilst we would not wish to prevent the re-roofing of Connaught Buildings, we do have concern about the materials to be used. Spanish slates, as proposed, are more uniform in colour and do not have the same appearance as the existing Welsh slates. We would prefer to see as many as possible of the existing slates reclaimed and re-used and the shortfall made up with new Welsh slates. This would also be more sustainable.

Kind regards
