Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Privacy Light and Noise
Comments:	This is a small close and as such would be greatly affected by the building of another home. Parking is very low in the close and access for lorries vans and workers would create major issues whilst the work is being done. Noise dust extra vehicles workmen and potentially dangerous to other residents. There would be less light for the houses directly adjacent. Pathway access for

residents and road access will cause major issues in order to build what is essentially another small house in a small close.

Kind regards
