Comments:	I support this planning application 100%. I have known the family for quite some years now and they are absolutely lovely. I have also kept my horses at this yard since around 1999, so it is like a second home. The Lister family have vastly improved the land for the horses and local wildlife with various bird boxes etc up. They have made the main driveway that leads down alot more user friendly too, cleared the over grown ditches out to make water flow better through it. It is now alot tidier and well kept in comparison to years gone by. They deserve to call it their home with the amount of effort that has gone in to the land. Extra security on the land along with help and support for the horses to be kept safe too, which i am more than grateful for.

Kind regards
