To: planning@adur-worthing.gov.uk

Sent from my iPad I am totally bemused by my neighbours audacity,to think he can build any trellis fencing and now wants to increase the height to 2.3 metres on top of my boundary fence.I have put up a trellis fence of my own,to a height of 2meters,which I am entitled to do.My neighbour has caused a lot of problems since moving in 2011.He has also caused other residence problems as well. I hope this clarifies the situation.I do feel you need to visit and see for yourself the problems this planning application will cause.

Yours sincerely

David Sessions.
