Good morning,

Please can the emails here be uploaded as further consultation response.

Thanks,
Finlay

Hi Finlay,

That being the case, I have no concerns. Subject to the silencer being fitted, as previously advised.

Regards

Michael Lavender

Hi Michael,

Thanks for getting back to me.

The applicant has stated "the client has stated that the tables sent previously are all still current.

New positions would increase the distance from the nearest receptor and therefore reduce the noise impact."

Thanks,

Finlay

Hi Finlay,

Sorry for the delay in responding.

The acoustician has calculated the expected noise from the plant to the nearest receptor, how does this change of position affect these calculations.

Please can we check this?

Thanks

Michael Lavender

Good afternoon Michael,

I appreciate you are away on leave and hope you are having a good break.

Can you let me know if the amended plans are still acceptable from an EH standpoint? I need to get this one out ASAP as I am on leave next week.

Thanks,
Finlay

Good morning Michael,

I have received some amended plans for the plant application at 56 Montague Street. Please can you confirm if this is still acceptable on EH impacts.

Thanks,
Finlay

Hello Finlay,

Sorry for the delay in getting these to you, the Landlord had changed where the plant was to be positioned.

This has now been confirmed and I attached the drawings for review.

Let me know if you need anything further.

Many thanks

Sally

Good afternoon Sally,

I am just following up on the previous email exchange where you expressed the location of the plant on the roof may be changing.

Have you had anything further on this?

Thanks,
Finlay
