To whom it may concern

I am a resident and owner of 3/3a Warwick place .

An application for planning has been submitted for 4 Warwick place, Worthing , BN11 3EU. Whilst it appears the application for the property itself is presenting as sympathetic and in keeping with the conservation Steyne area , The erection of the ultra modern carport with integrated photovoltaic panels is most definitely not in keeping with Warwick place.

Warwick place, Worthing, BN11 3EU , contains multiple Grade 11 listed Historic Georgian and Regency properties and falls under a local conservation area protected by an Artificial 4 direction.

Many of the properties in Warwick place are locally listed and several others (for example numbers 5 and 6) are nationally listed on National Heritage list for England. Historic England.

Many visitors walk up our street to admire its buildings.

As residents of this street we are caretakers of these properties and our local history for future generations.

Please do not allow this oversized modern monstrosity to be built in this road .

It is completely out of character in a conservation area and will undermine why as residents of this road we endeavour to protect our local and national heritage.

Kind regards

Jane Greenstreet-Payne
