SCHEDULE

Reasons for Granting Permission

01. The proposed development is within the built-up area and would help meet the need for additional housing without detracting from the existing local urban environment. It can take place without resulting in unacceptable detriment to the amenities of neighbouring properties and without detraction from highway safety. It would consequently not conflict with the relevant policies of the Adur District Local Plan (AG1, AH2).

Conditions

01. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

    Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

02. No development shall take place until details of walls and/or fences have been submitted to and approved in writing by the Local Planning Authority and the buildings shall not be occupied until such walls and/or fences have been erected. Notwithstanding the detail shown on the approved drawing the rendered walls enclosing the front patio areas shall not exceed 1 metre in height.

    Reason: *In the interests of amenity and to comply with policy AH2 of the Adur District Local Plan.*

03. The dwellings shall not be occupied until the parking spaces, access facilities and provision for secure, covered cycle storage shown on the approved plan have been provided in accordance with construction details to be submitted to and approved in writing by the Local Planning Authority. The areas of land so provided shall not thereafter be used for any purpose other than access and parking of vehicles, and storage of cycles, incidental to the use of the proposed dwellings.

    Reason: *To ensure adequate provision for parking clear of the highway and to comply with policy AH2 of the Adur District Local Plan.*

04. No use of the vehicular access shall take place until a satisfactory kerb and pavement crossing between the boundary of the site and the adjoining carriageway has been constructed. The requisite specification can be obtained from the Area Highway Engineer, WSCC Southern Area Office, Clapham Common, Clapham, Worthing, West Sussex BN13 3UR. There shall be no drainage of surface water from the property onto the highway.

    Reason: *In the interests of highway safety.*

PTO

05. The proposed new access shall be laid out to provide visibility splays on each side of its junction with the existing public highway. These splays shall be 2 metres by 2 metres on each side of the access based on the existing highway boundary. No other work shall be carried out on the site until the above mentioned splay areas have been provided and thereafter they shall be kept free from any obstruction to visibility in excess of 0.6 metres above the level of the adjoining carriageway.

Reason: *In the interests of highway safety.*

06. No construction work shall be carried out on site unless there is available within the site in accordance with details approved by the Local Planning Authority provision for temporary parking and loading/unloading of all Contractors vehicles, and for Contractors buildings, plant, and stacks of materials and such provision shall be retained for these purposes throughout the period of work on the site.

Reason: *In the interests of highway safety and amenity.*

07. No development shall take place unless and until there has been submitted to and approved in writing by the Local Planning Authority a scheme of landscaping for the area in front of the dwellings. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner, and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written consent to any variation.

Reason: *In the interests of visual amenity and the environment and to comply with policy AB26-27 of the Adur District Local Plan.*

08. No development shall be carried out unless and until a schedule of materials and finishes to be used for the external walls and roofs of the proposed buildings has been submitted to and approved in writing by the Local Planning Authority.

Reason: *In the interests of visual amenity and to comply with policy AH2 of the Adur District Local Plan.*

09. Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any order revoking and re-enacting that Order with or without modification), the proposed dwellings shall not be extended or any incidental buildings (exceeding 10 cubic metres in volume) erected within their curtilage unless permission is granted by the Local Planning Authority on an application in that behalf.

Reason: *In the interests of amenity and the environment and to comply with policy AH2 of the Adur District Local Plan.*

10. Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any Order revoking and re-enacting that Order with or without modification), no windows or other openings (other than as hereby approved) shall be formed in the side walls of the dwellings without the prior permission of the Local Planning Authority on an application in that behalf.

    Reason: *To prevent overlooking and to comply with policy AH2 of the Adur District Local Plan.*

11. There shall be no discharge of contaminated drainage into either ground water or any surface waters whether direct or via soakaways.

    Reason: *To ensure adequate drainage and to comply with policy AP4 of the Adur District Local Plan.*
