SUBJECT:	AWDM/0971/26 Retrospective installation of ANPR cameras.
DATE OF SITE VISIT:	N/A
RECOMMENDATION:	Advice

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

WSCC in its role as Local Highway Authority (LHA) has been consulted on highway matters by the Local Planning Authority (LPA) for the proposed retrospective installation of ANPR cameras. The site is located off Lyons Way, an unclassified road subject to a speed restriction of 30 mph.

The proposed works are retrospective, with the Application Form stating the works were completed on 27/03/2026. From inspection of the plans, the proposed ANPR cameras and associated signage is located within private land. No changes are proposed to the existing vehicular access or parking arrangements. Consequently, no highway safety or capacity concerns would be raised.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
