Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	My concerns are regarding the two existing well established trees within inches of the site boundary on The Avenue. The plans show the front perimeter wall of the development in very close in proximity to these trees. The trees have an important environmental and landscape value. I cannot see how the trees and their root systems will be undisturbed and undamaged during construction and I strongly object to removal or significant cutting back of them.

Kind regards
