51 Maytree Avenue,
Findon Valley,
Worthing,
W. Sussex. BN14 0HL.

06.07 08.

Dear Cllr. Sparkes,

For the past 8 years I have had the pleasure of being a volunteer at St. Barnabas House.

During that time it has become increasingly clear that new premises are urgently necessary.

Like many other people, I was dismayed to see in the press that planning permission for a new build was not granted at a recent planning committee meeting.

I am sure you are aware that if this application is not given the go ahead on the 8th July there will be serious consequences for this rebuild, particularly where cost is concerned.

I am writing to you, as my local councillor, asking you to give your full support to this application on Tuesday next.

There may be some details to be ironed out at a later date, but this should not be allowed to delay the planning permission being granted now.

New premises are urgently needed for the excellent care the Hospice provides for terminally ill people and their families.

Yours sincerely

[redacted]
