To whom it may concern,

I would like to express my deep regret that planning permission has been delayed yet again for the rebuild of St Barnabas Hospice in Worthing. I am aware that each delay costs a lot of money, money which has been raised by members of the public, myself included. I am a voluntary worker for the hospice, and have it's interests very much at heart. I do hope you will soon see your way clear to giving the go ahead, so that many very ill people may be cared for better than ever - when they need it most. Yours faithfully [redacted]
