Subject: St Barnabas Hospice planning application - Lower Northbrook Farm Titnore Lane

James

I am not registering an objection to the above application as such, and I have not been able to view the planning application, but I know from the car dealership application that the EIA showed a badger sett on the land that was felt to be no longer in use.

If the current EIA is showing the same, I would appreciate further investigation as there was a dead badger on Titnore Lane roadside between Christmas & New Year right by this proposed development.

Many thanks

Regards

Michelle Christian
