Concerning the new ST BARNABUS Hospice
WB/07/1495
AVF

Dear Mrs Morin

I feel I must write, I am sure it will not matter if people write or not it will make me feel better. There are a lot of people who object to the proposal for a new hospice, for many reasons. A couple of reasons are. (1) the hospice that is in use now would benifit a refit I know, so why not spend on it ~~This~~ The new one is going to cost millions (2) ~~Doesn't~~ Don't any one come about the wood life badgers Reptels Birds foxes all live in the area, do you have to take all the greenway away Tit were here is the only County

A2/F

Lane left is working. at a cost you are going to Change it all. A Ghost Roundabout By the "Swallows Return" is that a good idea. 50yds away from a major Roundabout. The Lane is a night mare at the best of times I can see a lot of Confistion a lot of angry people. I cant understad why you will agree for anything to be built on that land. I am [redacted] old and need so many changes this are will be a disaster. to me all the noons is that will have a huge impact on and you I am sure will Benifit when the dead goes through
