21.6.2012.

Dear Sirs,

Reference AWDM/0672/12.
Planning Permission SW/29/92 T.P.

I was horrified to receive your Communication regarding the application of Cafe Cube 20, Southwick Square to increase their business hours to and by such a Considerable amount of time. I and several other maisonette Tenants, several elderly, are overlooked by this Cafe and my age and poor health makes sleeping very difficult, and their present opening hours now does disturb me with their noisy Customers leaving their premises late at night, and their new application to open so early in the morning to Operate a type of Transport Cafe will make our lives unbearable -

Surely your Planning Considerations as mentioned on the back page must be taken into account regarding noise disturbance - traffic and loss of privacy ? -

Yours faithfully.
