PLANNING SERVICES

Dear Sir/Madam

With regard to the application at 43 high Street, Shoreham By Sea.

This proposed development would be an incongruous intrusion and would not be absorbed into the surrounding architecture. I therefore reject the plans.

There would occour an intrusion upon my privacy, as the balcony on the first floor overlooks my bedroom.

The extension would obscure my view of the rising sun.

These balconies are eight metres from Town Quay, antisocial noise could pose a problem.

The residents would have to be reasonably fit, as a round trip of I30 metres is required for refuse disposal.

Incidentally, the existing garden houses the only tree within 500 metres.

Yours faithfully

Michael Hubbard [redacted]
