Dear Sir
Further to our original objection by letter 2nd Dec 24 re AWDM/1433/24. We strongly object to the revised planning application. The plot is not large enough for a dwelling of any sort or size and as originally stated, If the original developer back in the 1960s considered it large enough we are very sure he would have constructed a dwelling. This also begs the question who is now going to keep the land on north side of the turning area in good order, all of this land has been cared for by the local residents since the council stated it was not council land and declined to cut the grass.

Yours sincerely C E Neve, 12, Holmbush Close.
