Comments

I would like to object to the proposed application, in particular the 1st floor extension at the side of the property. This side extension would affect the privacy in my 3rd bedroom. It would also block light into this bedroom and my bathroom. Allowing an extension above ground floor level would set a precedent for this part of Greenways Crescent, which, if followed by other neighbours, would be detrimental to the appearance of the local area.

Furthermore, if this building work were to go ahead, my right of access over the shared driveway to my garage would be obstructed for a prolonged period. This would put additional pressure on already congested on-street parking, thus causing disruption to all local residents.
