Dear Mr Clarke,

RE: GlaxoSmithKline, Southdownview Way, Worthing - request for confirmation of compliance with conditions

I refer to your request for confirmation of compliance with condition 3 of planning permission WB/09/0067/FULL granted on 23 March 2009 which related to the proposed store adjacent to the east elevation of Building No. 6E to house two bulk containers. I apologise for the delay in responding.

Condition 3 relates to a scheme for the storage of chemicals. I have received confirmation from the Environment Agency that the scheme detailed in your letter of 31/3/09 in relation to the method of chemical storage is satisfactory and the submitted details are therefore agreed.

I trust this information is of assistance to you.

Yours sincerely

[redacted]

Rebekah Smith
Senior Planning Officer
