REMOVAL OF PITTOSPORUM SHRUB TO REAR OF 9 AMBROSE PLACE, BN11 1PZ

DESCRIPTION OF WORKS.

To remove the pittosporum shrub entirely.

Removal is proposed due to:

- damage being caused to old flint wall (adjoining to number 10);
- excessive growth blocking light;
- growth causing a nuisance to neighbour at number 10; and
- the potential for further damage to garden wall and nearby outbuildings.

Neighbours consulted, no objection raised with me from either:
10 Ambrose Place (shrub is against border wall)
8 Ambrose Place
