Reasons for comment:	- Other
Comments:	This business would, according to people I have spoken to in the area, provide services to dog owners not currently available. This in turn would create employment opportunities and bring back into service a building which, due to its unoccupied status, has been the target of vandalism. As the unit is on a trading estate with good access, the extra traffic (Mostly morning and evening) would have no adverse impact on the area. This is an application worthy of approval as it would provide a safe, secure environment during the day for dogs whose owners work full time, with the added bonus of training facilities to ensure better behaviour by the dogs out in the community.
