SUBJECT:	AWDM/0109/25 2no. shipping containers to provide additional storage to support the operation of a year-round watersports school
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	Advice

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application is for the installation of 2no. shipping containers to provide additional storage to support the operation of a year-round watersports school. The site is located on Beach Parade, a pedestrianised E-classified road.

The proposed plans indicate that the containers will be located on land that is not considered public highway. As such, the proposal is not anticipated to cause an obstruction to pedestrians in this location.

Conclusion

The LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
