FAO Mr Gary Peck

On 20th February we objected to the above planning application because the building of 2 properties at the rear of our house would not be following the Adur and worthing 14m rule space around new dwellings.
I understood from my neighbour who also raised the same objection that you would meet with us to discuss the issue but we have had no contact from you.
Unfortunately we are unable to attend this evenings planning meeting so I would like to again draw your attention to our objection.
I look forward to your reply.
