Reasons for comment:	- Trees and Landscaping
Comments:	My partner and I are in full support of the 8 meter reduction to the crown of the black poplar tree at 56 Bulkington Avenue. Our back garden directly adjoins onto the garden of 56 Bulkington Avenue. We are in full support of regular maintenance and height management of the tree as we have safety concerns with its current height and the vast expanse of the branches. The black poplar creates a lot of debris that falls into our garden throughout the year, especially when the tree is producing cotton seeds and when the leaves shed in autumn. At it's current height, the black poplar blocks out a lot of light from coming into our garden.

Kind regards
