D. Notes for guidance on your costs application – please read before going ahead

Appellants, local planning authorities and anyone else involved with the appeal (the parties) are normally expected to cover their own expenses. But anyone involved in the appeal can ask the Secretary of State or appointed Inspector to order that one party pays some or all of another party's costs. Before agreeing to this, we will have to be sure that:

- the person applying was put to unnecessary or wasted expense in the appeal
- because of the unreasonable behaviour of the other party.

An award can only be made if both these tests are met.

Please write (in section E) how you think the other party has acted unreasonably and what expense this has caused you. **Please note that only the unnecessary or wasted costs of the appeal itself can be recovered by an award.**

Before going ahead with an application, your attention is drawn to The National Planning Practice Guidance web-based resource, which contains advice on the award of costs, in the Appeals section.

While there is no formal procedure or application form for making an application for costs you can use the template (below) to make an application for costs in writing.

The decision on your application will not go into the actual amount of costs involved – only the principle and, if an award is made, what the award is broadly for. So there is no need to state the actual amounts you are seeking. If an award is made, the parties will need to settle the amounts involved between them by negotiation; or, if that fails, by applying to the Senior Courts Costs Office for an independent decision on the matter.

When using the costs application form, to give advance notice of a costs application in a hearing or inquiry case, please send a copy of your completed application to the other party.

Please also note there are time limits for making a costs Application depending on the procedure for deciding the appeal. The Award of Costs Guidance provides relevant information.

E. Your costs application

Please state whether you are applying for a full or partial award of costs and what you think is:

- the unreasonable behaviour which has caused you unnecessary or wasted expense in the appeal

1.0 INTRODUCTION

- 1.1 This formal application is submitted to request a full award of appeal costs against Adur District Council under the terms of the National Planning Practice Guidance (NPPG) relating to Appeals and Costs.
- 1.2 The Appellant submits that the local planning authority (LPA) have behaved unreasonably, causing the appellant incur the unnecessary expense of a formal planning appeal that should not have been required.

2.0 GROUNDS OF UNREASONABLE BEHAVIOUR

- 2.1 Factual and Mathematical Error: The LPA failed to properly assess the granular, site specific technical data submitted with the Appellant's professional flood risk assessment (FRA). The council applied generalised, broad - brush EA maps while completely ignoring the objective reality that the proposed finished floor levels and structural barriers (6.15m AOD) actively exceed the EA's worst-case safety threshold (5.86m AOD) by 290mm.
- 2.2 Inconsistent and Contradictory Decisions: Prior to determination, the council own independent flood risk consultants, WSP, explicitly reviewed, validated, and formerly signed off on the proposed permanent flood barrier mitigation measures. For the council to subsequently issue a flat refusal based on the alleged "Inefficacy" of those same structural defences constitute highly inconsistent, Contradictory and unreasonable administrative behaviour.
- 2.3 Failure to Seek Conditions: The NPPG states that the LPA should look to approve applications where possible by using planning conditions rather than issuing an outright refusal. If the council retained any lingering concerns regarding life safety, they could have easily resolved them by attaching a standard pre-occupation condition requiring a formal Flood Warning and Evacuation Plan (FWEP). Refusing a technically sound, over-specified scheme represents a clear failure to act in a constructive manner.

3.0 CONCLUSION & REMEDY SOUGHT

- 3.1 Due to the council's failure to properly evaluate technical evidence their contradictory stance on already approved flood barriers and their refusal to use planning conditions. The Appellant has been forced to incur significant professional costs to lodge this appeal,
- 3.2 The Planning Inspector is respectfully requested to make a full award of costs in favour of the Appellant. A fully itemised, quantified schedule of costs will be submitted to the council for payment upon determination of this award.

- your unnecessary or wasted expense in the appeal (not the amount, but the kind of expense)
