Comments: The development of the Cafe and building is not there to upset neighbours it is there to help grow and support the local community and this includes those that live close by who to can enjoy it. This is fundamental in supporting the growth and existence of our football club for our children, it's a haven for our children and families to come together and build on a community away from computer games and technology. So this will not be just a building you will object to but a community.
