Subject: Support for Application AWDM/0291/26 – Hill Barn Clubhouse Development

To: planning@adur-worthing.gov.uk <planning@adur-worthing.gov.uk>

>

> Dear Sirs,

>

> I am writing to express my strong support for planning application AWDM/0291/26, regarding the proposed extension to the clubhouse at Hill Barn to include a café.

>

> I believe this development will bring significant benefits to the local community. The addition of a café will help create a welcoming, inclusive space for residents, families, and park users, encouraging greater community engagement and use of the facilities.

>

> Importantly, the café will provide a vital source of income for Worthing United Football Club as it takes on responsibility for the running of Hill Barn. As a not-for-profit organisation, any revenue generated will be reinvested directly into maintaining and improving the club's facilities and enhancing the surrounding park area for the wider community.

>

> This proposal represents a sustainable and community-focused approach to managing and developing a valued local asset. I strongly believe it deserves support and approval.

>

> Thank you for considering my comments.

>

> Yours faithfully,

> Josie Quinn and Mark Quinn
