Dear Sir/Madam

I wish to object to the above planning application put in by Mr Dixon. His proposal to put some many different money making schemes on what is designated precious green space is totally unacceptable. We must be aware of how fragile our natural environment is and he must not be able to ruin this land purely for profit. If this scheme is allowed others will follow and we will be bereft. I hope common sense will prevail and we will keep our precious green space at a time when our natural world is so at risk.

Kind regards

Valerie Blower
