Subject: AWDM/0737/26

I am writing to heavily object to the planning request AWDM/0737/26 for the following reasons:

1. This land is a wildlife site, we do not want to lose the biodiversity of this land, there is little enough in this area.
2. The site is already a mess and is visually ruining the beauty with all sorts of unimaginable, ugly constructions installed.
3. Marine Drive is not very wide so the entry and exit of vehicles will make it more difficult for Ferring inhabitants to access their homes as well as emergency vehicles.
4. There will be noise pollution to both locals as well as visitors who have come to enjoy the seaside.
5. Already WSCC have banned overnight parking on this narrow carriageway and this will only encourage overnight parking of motor homes.
6. Please remember this area has been designated as Green Gap and it would be sacrilege to go against this ruling.

Regards, Jane Saunders (Mrs)
