Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Privacy Light and Noise
Comments:	To permit the extended hours will have a detrimental effect on any home owner within the immediate area - there will undoubtedly be parking issues, litter issues, and problems with people leaving the site at what are unsocial hours During the week most home owners will have disturbed sleep, with impact on their working lives and at the weekend it could lead to Shoreham incurring more police issues. The area is a conservation area, do we really want late night activity with probable damage to both public and private properties
