No additional area habitat units required to meet target ✓

No additional hedgerow units required to meet target ✓

No additional watercourse units required to meet target ✓

Site Adjacent to 74 Old Shoreham Road

## Detailed Results

## Summary Figures

### Net project biodiversity

(Including all on-site & off-site habitat retention)

### Total project biodiversity

(Including all on-site & off-site habitat creation)

### Combined habitat

Total on-site and off-site baseline area / length

Total on-site and off-site baseline units

Total on-site and off-site baseline area / length retained

Total on-site and off-site baseline units retained

Total on-site and off-site area / length proposed for enhancement

Total on-site and off-site baseline units proposed for enhancement

Total on-site and off-site baseline area / length lost

Total on-site and off-site baseline units lost

## Area habitats

On-site change

| <p>1. <b>Project Description:</b> The project involves the construction of a new residential development consisting of 150 single-family homes and 50 townhomes, totaling 200 units. The development is located on a 10-acre site adjacent to a local waterway.</p> <p>2. <b>Environmental Impact:</b> The project is expected to have a significant impact on the local environment, including the loss of natural habitat, increased runoff, and potential water quality degradation. The project also has the potential to impact local wildlife and fish populations.</p> <p>3. <b>Regulatory Requirements:</b> The project is subject to various regulatory requirements, including the National Pollutant Discharge Elimination Act (NPDES), the Clean Water Act (CWA), and the Endangered Species Act (ESA). The project also must comply with local zoning and building codes.</p> <p>4. <b>Mitigation Measures:</b> The project proponent has proposed several mitigation measures to address the potential impacts of the project. These measures include the installation of best management practices (BMPs) to reduce runoff, the creation of artificial wetlands to offset the loss of natural habitat, and the implementation of a wildlife and fish management plan.</p> <p>5. <b>Monitoring and Reporting:</b> The project proponent is required to implement a monitoring and reporting program to track the effectiveness of the mitigation measures and to report on the results to the relevant regulatory agencies.</p> | <p>6. <b>Conclusion:</b> The project is a complex one with many potential impacts on the environment. However, with the implementation of the proposed mitigation measures and a robust monitoring and reporting program, the project can be designed to minimize its environmental impacts and to comply with all applicable regulatory requirements.</p> |
| <p>7. <b>Recommendations:</b> Based on the information provided, it is recommended that the project be approved, provided that the project proponent implements all of the proposed mitigation measures and the monitoring and reporting program.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <p>8. <b>On-site and off-site habitat retention:</b> The project proponent is required to retain and restore a minimum of 10% of the natural habitat on the project site. Additionally, the project proponent is required to implement a program to protect and enhance the habitat in the surrounding area.</p>                                           |

| Habitat group                                                    |
|------------------------------------------------------------------|
| Grassland - Traditional orchards                                 |
| Grassland - Floodplain wetland mosaic and CFGM                   |
| Grassland - Lowland calcareous grassland                         |
| Grassland - Tall herb communities (H6430)                        |
| Grassland - Upland calcareous grassland                          |
| Heathland and shrub - Lowland Heathland                          |
| Heathland and shrub - Dunes with sea buckthorn (H2160)           |
| Heathland and shrub - Upland heathland                           |
| Lakes - High alkalinity lakes                                    |
| Lakes - Low alkalinity lakes                                     |
| Lakes - Marl lakes                                               |
| Lakes - Moderate alkalinity lakes                                |
| Lakes - Peat lakes                                               |
| Lakes - Ponds (priority habitat)                                 |
| Lakes - Temporary lakes ponds and pools (H3170)                  |
| Sparsely vegetated land - Coastal sand dunes                     |
| Sparsely vegetated land - Coastal vegetated shingle              |
| Sparsely vegetated land - Inland rock outcrop and scree habitats |
| Sparsely vegetated land - Maritime cliff and slopes              |
| Urban - Open mosaic habitats on previously developed land        |
| Wetland - Reedbeds                                               |
| Woodland and forest - Felled/Replacement for felled woodland     |
| Woodland and forest - Lowland beech and yew woodland             |
| Woodland and forest - Lowland mixed deciduous woodland           |
| Woodland and forest - Native pine woodlands                      |
| Woodland and forest - Upland birchwoods                          |
| Woodland and forest - Upland mixed ashwoods                      |
| Woodland and forest - Upland oakwood                             |
| Woodland and forest - Wet woodland                               |
| Coastal lagoons - Coastal lagoons                                |
| Rocky shore - High energy littoral rock                          |
| Rocky shore - Moderate energy littoral rock                      |
| Rocky shore - Low energy littoral rock                           |
| Rocky shore - Features of littoral rock                          |
| Intertidal sediment - Littoral mud                               |
| Intertidal sediment - Littoral mixed sediments                   |
| Coastal saltmarsh - Saltmarshes and saline reedbeds              |
| Intertidal sediment - Littoral biogenic reefs - Mussels          |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria       |
| Intertidal sediment - Features of littoral sediment              |
| Intertidal sediment - Littoral muddy sand                        |
| Intertidal sediment - Littoral seagrass                          |

| Habitat group                                                                                           |
|---------------------------------------------------------------------------------------------------------|
| Cropland - Arable field margins cultivated annually                                                     |
| Cropland - Arable field margins game bird mix                                                           |
| Cropland - Arable field margins pollen and nectar                                                       |
| Cropland - Arable field margins tussocky                                                                |
| Grassland - Other lowland acid grassland                                                                |
| Grassland - Other neutral grassland                                                                     |
| Grassland - Upland acid grassland                                                                       |
| Heathland and shrub - Blackthorn scrub                                                                  |
| Heathland and shrub - Bramble scrub                                                                     |
| Heathland and shrub - Gorse scrub                                                                       |
| Heathland and shrub - Hawthorn scrub                                                                    |
| Heathland and shrub - Willow scrub                                                                      |
| Heathland and shrub - Hazel scrub                                                                       |
| Heathland and shrub - Mixed scrub                                                                       |
| Lakes - Ponds (non-priority habitat)                                                                    |
| Lakes - Reservoirs                                                                                      |
| Sparsely vegetated land - Other inland rock and scree                                                   |
| Urban - Cemeteries and churchyards                                                                      |
| Urban - Biodiverse green roof                                                                           |
| Individual trees - Urban tree                                                                           |
| Individual trees - Rural tree                                                                           |
| Woodland and forest - Other Scot's pine woodland                                                        |
| Woodland and forest - Other woodland; broadleaved                                                       |
| Woodland and forest - Other woodland; mixed                                                             |
| Intertidal sediment - Littoral coarse sediment                                                          |
| Intertidal sediment - Littoral sand                                                                     |
| Intertidal hard structures - Artificial hard structures with integrated greening of grey infrastructure |
|                                                                                                         |
|                                                                                                         |
|                                                                                                         |
| Habitat group                                                                                           |

### Required Action to Meet Trading Rules

[illegible]

[illegible]

[illegible]

[illegible]

[illegible]

The first two steps are relatively straightforward. The third step involves identifying the specific components of the system that are most likely to cause problems. This can be done by reviewing the system's design specifications, user manuals, and other relevant documentation. Once the potential causes have been identified, the next step is to develop a plan of action to address them. This may involve implementing new procedures, training staff, or upgrading equipment. Finally, it is important to monitor the system's performance over time to ensure that the problem has been resolved and to prevent future occurrences.

### User Comments

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

[illegible]

[illegible]

This image shows a full page of blank, lined paper. It features approximately 30 evenly spaced horizontal black lines running across the width of the page, providing a guide for handwriting or typing. The background is a solid off-white color.

This image shows a full page of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. At the bottom of the page, there is a solid light blue horizontal band. There is no handwriting or other markings on the paper.

| Labelling column                                       |
|--------------------------------------------------------|
| Cropland - Arable field margins cultivated annually    |
| Cropland - Arable field margins game bird mix          |
| Cropland - Arable field margins pollen and nectar      |
| Cropland - Arable field margins tussocky               |
| Cropland - Cereal crops                                |
| Cropland - Winter stubble                              |
| Cropland - Horticulture                                |
| Cropland - Intensive orchards                          |
| Cropland - Non-cereal crops                            |
| Cropland - Temporary grass and clover leys             |
| Grassland - Traditional orchards                       |
| Grassland - Bracken                                    |
| Grassland - Floodplain wetland mosaic and CFGM         |
| Grassland - Lowland calcareous grassland               |
| Grassland - Lowland dry acid grassland                 |
| Grassland - Lowland meadows                            |
| Grassland - Modified grassland                         |
| Grassland - Other lowland acid grassland               |
| Grassland - Other neutral grassland                    |
| Grassland - Tall herb communities (H6430)              |
| Grassland - Upland acid grassland                      |
| Grassland - Upland calcareous grassland                |
| Grassland - Upland hay meadows                         |
| Heathland and shrub - Blackthorn scrub                 |
| Heathland and shrub - Bramble scrub                    |
| Heathland and shrub - Gorse scrub                      |
| Heathland and shrub - Hawthorn scrub                   |
| Heathland and shrub - Hazel scrub                      |
| Heathland and shrub - Lowland heathland                |
| Heathland and shrub - Mixed scrub                      |
| Heathland and shrub - Mountain heaths and willow scrub |
| Heathland and shrub - Rhododendron scrub               |
| Heathland and shrub - Dunes with sea buckthorn (H2160) |
| Heathland and shrub - Other sea buckthorn scrub        |
| Heathland and shrub - Willow scrub                     |
| Heathland and shrub - Upland heathland                 |
| Lakes - Aquifer fed naturally fluctuating water bodies |
| Lakes - Ornamental lake or pond                        |
| Lakes - High alkalinity lakes                          |
| Lakes - Low alkalinity lakes                           |
| Lakes - Marl lakes                                     |
| Lakes - Moderate alkalinity lakes                      |
| Lakes - Peat lakes                                     |
| Lakes - Ponds (priority habitat)                       |
| Lakes - Ponds (non-priority habitat)                   |
| Lakes - Reservoirs                                     |
| Lakes - Temporary lakes ponds and pools (H3170)        |
| Sparsely vegetated land - Calaminarian grasslands      |

|                                                                  |
|------------------------------------------------------------------|
| Sparsely vegetated land - Coastal sand dunes                     |
| Sparsely vegetated land - Coastal vegetated shingle              |
| Sparsely vegetated land - Ruderal/Ephemeral                      |
| Sparsely vegetated land - Tall forbs                             |
| Sparsely vegetated land - Inland rock outcrop and scree habitats |
| Sparsely vegetated land - Limestone pavement                     |
| Sparsely vegetated land - Maritime cliff and slopes              |
| Sparsely vegetated land - Other inland rock and scree            |
| Urban - Allotments                                               |
| Urban - Artificial unvegetated, unsealed surface                 |
| Urban - Bioswale                                                 |
| Urban - Intensive green roof                                     |
| Urban - Built linear features                                    |
| Urban - Cemeteries and churchyards                               |
| Urban - Developed land; sealed surface                           |
| Urban - Other green roof                                         |
| Urban - Facade-bound green wall                                  |
| Urban - Ground based green wall                                  |
| Urban - Ground level planters                                    |
| Urban - Biodiverse green roof                                    |
| Urban - Introduced shrub                                         |
| Urban - Open mosaic habitats on previously developed land        |
| Urban - Rain garden                                              |
| Urban - Actively worked sand pit quarry or open cast mine        |
| Urban - Sustainable drainage system                              |
| Urban - Unvegetated garden                                       |
| Urban - Vacant or derelict land                                  |
| Urban - Bare ground                                              |
| Urban - Vegetated garden                                         |
| Individual trees - Urban tree                                    |
| Individual trees - Rural tree                                    |
| Wetland - Blanket bog                                            |
| Wetland - Depressions on peat substrates (H7150)                 |
| Wetland - Fens (upland and lowland)                              |
| Wetland - Lowland raised bog                                     |
| Wetland - Oceanic valley mire[1] (D2.1)                          |
| Wetland - Purple moor grass and rush pastures                    |
| Wetland - Reedbeds                                               |
| Wetland - Transition mires and quaking bogs (H7140)              |
| Woodland and forest - Felled                                     |
| Woodland and forest - Lowland beech and yew woodland             |
| Woodland and forest - Lowland mixed deciduous woodland           |
| Woodland and forest - Native pine woodlands                      |
| Woodland and forest - Other coniferous woodland                  |
| Woodland and forest - Other Scot's pine woodland                 |
| Woodland and forest - Other woodland; broadleaved                |
| Woodland and forest - Other woodland; mixed                      |
| Woodland and forest - Upland birchwoods                          |
| Woodland and forest - Upland mixed ashwoods                      |
| Woodland and forest - Upland oakwood                             |
| Woodland and forest - Wet woodland                               |
| Woodland and forest - Wood-pasture and parkland                  |
| Woodland and forest - Felled                                     |

|                                                                                          |
|------------------------------------------------------------------------------------------|
| Coastal lagoons - Coastal lagoons                                                        |
| Rocky shore - High energy littoral rock                                                  |
| Rocky shore - High energy littoral rock - on peat, clay or chalk                         |
| Rocky shore - Moderate energy littoral rock                                              |
| Rocky shore - Moderate energy littoral rock - on peat, clay or chalk                     |
| Rocky shore - Low energy littoral rock                                                   |
| Rocky shore - Low energy littoral rock - on peat, clay or chalk                          |
| Rocky shore - Features of littoral rock                                                  |
| Rocky shore - Features of littoral rock - on peat, clay or chalk                         |
| Coastal saltmarsh - Saltmarshes and saline reedbeds                                      |
| Coastal saltmarsh - Artificial saltmarshes and saline reedbeds                           |
| Intertidal sediment - Littoral coarse sediment                                           |
| Intertidal sediment - Littoral mud                                                       |
| Intertidal sediment - Littoral mixed sediments                                           |
| Intertidal sediment - Littoral seagrass                                                  |
| Intertidal sediment - Littoral seagrass on peat, clay or chalk                           |
| Intertidal sediment - Littoral biogenic reefs - Mussels                                  |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria                               |

**Habitat Description**

Cropland - Arable field margins cultivated annually

Cropland - Arable field margins game bird mix

Cropland - Arable field margins pollen and nectar

Cropland - Arable field margins tussocky

Cropland - Cereal crops

Cropland - Winter stubble

Cropland - Horticulture

Cropland - Intensive orchards

Cropland - Non-cereal crops

Cropland - Temporary grass and clover leys

Grassland - Traditional orchards

Grassland - Bracken

Grassland - Floodplain wetland mosaic and CFGM

Grassland - Lowland calcareous grassland

Grassland - Lowland dry acid grassland

Grassland - Lowland meadows

Grassland - Modified grassland

Grassland - Other lowland acid grassland

Grassland - Other neutral grassland

Grassland - Tall herb communities (H6430)

Grassland - Upland acid grassland

Grassland - Upland calcareous grassland

Grassland - Upland hay meadows

Heathland and shrub - Blackthorn scrub

Heathland and shrub - Bramble scrub

Heathland and shrub - Gorse scrub

Heathland and shrub - Hawthorn scrub

Heathland and shrub - Hazel scrub

Heathland and shrub - Lowland heathland

Heathland and shrub - Mixed scrub

Heathland and shrub - Mountain heaths and willow scrub

Heathland and shrub - Rhododendron scrub

Heathland and shrub - Dunes with sea buckthorn (H2160)

Heathland and shrub - Other sea buckthorn scrub

Heathland and shrub - Willow scrub

Heathland and shrub - Upland heathland

|                                                                  |
|------------------------------------------------------------------|
| Lakes - Aquifer fed naturally fluctuating water bodies           |
| Lakes - Ornamental lake or pond                                  |
| Lakes - High alkalinity lakes                                    |
| Lakes - Low alkalinity lakes                                     |
| Lakes - Marl lakes                                               |
| Lakes - Moderate alkalinity lakes                                |
| Lakes - Peat lakes                                               |
| Lakes - Ponds (priority habitat)                                 |
| Lakes - Ponds (non-priority habitat)                             |
| Lakes - Reservoirs                                               |
| Lakes - Temporary lakes ponds and pools (H3170)                  |
| Sparsely vegetated land - Calaminarian grasslands                |
| Sparsely vegetated land - Coastal sand dunes                     |
| Sparsely vegetated land - Coastal vegetated shingle              |
| Sparsely vegetated land - Ruderal/Ephemeral                      |
| Sparsely vegetated land - Tall forbs                             |
| Sparsely vegetated land - Inland rock outcrop and scree habitats |
| Sparsely vegetated land - Limestone pavement                     |
| Sparsely vegetated land - Maritime cliff and slopes              |
| Sparsely vegetated land - Other inland rock and scree            |
| Urban - Allotments                                               |
| Urban - Artificial unvegetated, unsealed surface                 |
| Urban - Bioswale                                                 |
| Urban - Intensive green roof                                     |
| Urban - Built linear features                                    |
| Urban - Cemeteries and churchyards                               |
| Urban - Developed land; sealed surface                           |
| Urban - Other green roof                                         |
| Urban - Facade-bound green wall                                  |
| Urban - Ground based green wall                                  |
| Urban - Ground level planters                                    |
| Urban - Biodiverse green roof                                    |
| Urban - Introduced shrub                                         |
| Urban - Open mosaic habitats on previously developed land        |
| Urban - Rain garden                                              |
| Urban - Actively worked sand pit quarry or open cast mine        |
| Individual trees - Urban tree                                    |
| Urban - Sustainable drainage system                              |
| Urban - Unvegetated garden                                       |
| Urban - Vacant or derelict land                                  |
| Urban - Bare ground                                              |
| Urban - Vegetated garden                                         |
| Wetland - Blanket bog                                            |
| Wetland - Depressions on peat substrates (H7150)                 |
| Wetland - Fens (upland and lowland)                              |
| Wetland - Lowland raised bog                                     |
| Wetland - Oceanic valley mire[1] (D2.1)                          |
| Wetland - Purple moor grass and rush pastures                    |
| Wetland - Reedbeds                                               |
| Wetland - Transition mires and quaking bogs (H7140)              |
| Woodland and forest - Felled                                     |

|                                                                                                                |
|----------------------------------------------------------------------------------------------------------------|
| Woodland and forest - Lowland beech and yew woodland                                                           |
| Woodland and forest - Lowland mixed deciduous woodland                                                         |
| Woodland and forest - Native pine woodlands                                                                    |
| Woodland and forest - Other coniferous woodland                                                                |
| Woodland and forest - Other Scot's pine woodland                                                               |
| Woodland and forest - Other woodland; broadleaved                                                              |
| Woodland and forest - Other woodland; mixed                                                                    |
| Woodland and forest - Upland birchwoods                                                                        |
| Woodland and forest - Upland mixed ashwoods                                                                    |
| Woodland and forest - Upland oakwood                                                                           |
| Woodland and forest - Wet woodland                                                                             |
| Woodland and forest - Wood-pasture and parkland                                                                |
| Coastal lagoons - Coastal lagoons                                                                              |
| Rocky shore - High energy littoral rock                                                                        |
| Rocky shore - High energy littoral rock - on peat, clay or chalk                                               |
| Rocky shore - Moderate energy littoral rock                                                                    |
| Rocky shore - Moderate energy littoral rock - on peat, clay or chalk                                           |
| Rocky shore - Low energy littoral rock                                                                         |
| Rocky shore - Low energy littoral rock - on peat, clay or chalk                                                |
| Rocky shore - Features of littoral rock                                                                        |
| Rocky shore - Features of littoral rock - on peat, clay or chalk                                               |
| Intertidal sediment - Littoral coarse sediment                                                                 |
| Intertidal sediment - Littoral mud                                                                             |
| Intertidal sediment - Littoral mixed sediments                                                                 |
| Coastal saltmarsh - Saltmarshes and saline reedbeds                                                            |
| Coastal saltmarsh - Artificial saltmarshes and saline reedbeds                                                 |
| Intertidal sediment - Littoral seagrass                                                                        |
| Intertidal sediment - Littoral seagrass on peat, clay or chalk                                                 |
| Intertidal sediment - Littoral biogenic reefs - Mussels                                                        |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria                                                     |
| Intertidal sediment - Features of littoral sediment                                                            |
| Intertidal sediment - Artificial littoral coarse sediment                                                      |
| Intertidal sediment - Artificial littoral mud                                                                  |
| Intertidal sediment - Artificial littoral sand                                                                 |
| Intertidal sediment - Artificial littoral muddy sand                                                           |
| Intertidal sediment - Artificial littoral mixed sediments                                                      |
| Intertidal sediment - Artificial littoral seagrass                                                             |
| Intertidal sediment - Artificial littoral biogenic reefs                                                       |
| Intertidal sediment - Littoral sand                                                                            |
| Intertidal sediment - Littoral muddy sand                                                                      |
| Intertidal hard structures - Artificial hard structures                                                        |
| Intertidal hard structures - Artificial features of hard structures                                            |
| Intertidal hard structures - Artificial hard structures with integrated greening of grey infrastructure (IGGI) |
| Watercourse footprint - Watercourse footprint                                                                  |
| Individual trees - Rural tree                                                                                  |
| 0                                                                                                              |
| 0                                                                                                              |
| 0                                                                                                              |
| 0                                                                                                              |
| 0                                                                                                              |

## Hedgerows and lines of trees

1

### Hedgerow type

Species-rich native hedgerow with trees - associated with bank or ditch

Species-rich native hedgerow with trees

Species-rich native hedgerow - associated with bank or ditch

Native hedgerow with trees - associated with bank or ditch

Species-rich native hedgerow

Native hedgerow - associated with bank or ditch

Native hedgerow with trees

Ecologically valuable line of trees

Ecologically valuable line of trees - associated with bank or ditch

Native hedgerow

Line of trees

Line of trees - associated with bank or ditch

Non-native and ornamental hedgerow

| Heathland and shrub - Upland heathland                 |
|                                                        |
| Lakes - High alkalinity lakes                          |

|                                                                  |
|------------------------------------------------------------------|
| Lakes - Low alkalinity lakes                                     |
| Lakes - Marl lakes                                               |
| Lakes - Moderate alkalinity lakes                                |
| Lakes - Peat lakes                                               |
| Lakes - Ponds (priority habitat)                                 |
| Lakes - Temporary lakes ponds and pools (H3170)                  |
| Sparsely vegetated land - Coastal sand dunes                     |
| Sparsely vegetated land - Coastal vegetated shingle              |
| Sparsely vegetated land - Inland rock outcrop and scree habitats |
| Sparsely vegetated land - Maritime cliff and slopes              |
| Urban - Open mosaic habitats on previously developed land        |
| Wetland - Reedbeds                                               |
| Woodland and forest - Felled                                     |
| Woodland and forest - Lowland beech and yew woodland             |
| Woodland and forest - Lowland mixed deciduous woodland           |
|                                                                  |
| Woodland and forest - Native pine woodlands                      |
| Woodland and forest - Upland birchwoods                          |
| Woodland and forest - Upland mixed ashwoods                      |
| Woodland and forest - Upland oakwood                             |
| Woodland and forest - Wet woodland                               |
| Coastal lagoons - Coastal lagoons                                |
| Rocky shore - High energy littoral rock                          |
| Rocky shore - Moderate energy littoral rock                      |
| Rocky shore - Low energy littoral rock                           |
| Rocky shore - Features of littoral rock                          |
| Intertidal sediment - Littoral mud                               |
| Intertidal sediment - Littoral mixed sediments                   |
| Coastal saltmarsh - Saltmarshes and saline reedbeds              |
| Intertidal sediment - Littoral biogenic reefs - Mussels          |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria       |
| Intertidal sediment - Features of littoral sediment              |
| Intertidal sediment - Littoral muddy sand                        |
| Intertidal sediment - Littoral seagrass                          |

## Medium

| Habitat Group                                       |
|-----------------------------------------------------|
| Cropland - Arable field margins cultivated annually |
| Individual trees - Rural tree                       |
| Cropland - Arable field margins game bird mix       |
| Cropland - Arable field margins pollen and nectar   |
| Cropland - Arable field margins tussocky            |
| Grassland - Other lowland acid grassland            |
| Grassland - Other neutral grassland                 |
| Grassland - Upland acid grassland                   |
| Heathland and shrub - Blackthorn scrub              |
| Heathland and shrub - Bramble scrub                 |
| Heathland and shrub - Gorse scrub                   |
| Heathland and shrub - Hawthorn scrub                |

|                                                                                                                |
|----------------------------------------------------------------------------------------------------------------|
| Heathland and shrub - Hazel scrub                                                                              |
| Heathland and shrub - Mixed scrub                                                                              |
| Lakes - Ponds (non-priority habitat)                                                                           |
| Lakes - Reservoirs                                                                                             |
| Sparsely vegetated land - Other inland rock and scree                                                          |
| Urban - Cemeteries and churchyards                                                                             |
| Urban - Biodiverse green roof                                                                                  |
| Woodland and forest - Other Scot's pine woodland                                                               |
| Woodland and forest - Other woodland; broadleaved                                                              |
| Woodland and forest - Other woodland; mixed                                                                    |
| Intertidal sediment - Littoral coarse sediment                                                                 |
| Intertidal sediment - Littoral sand                                                                            |
| Intertidal hard structures - Artificial hard structures with integrated greening of grey infrastructure (IGGI) |
| Heathland and shrub - Willow scrub                                                                             |
| Individual trees - Urban tree                                                                                  |

## Low

### Habitat Group

|                                                                |
|----------------------------------------------------------------|
| Cropland - Cereal crops                                        |
| Cropland - Horticulture                                        |
| Cropland - Intensive orchards                                  |
| Cropland - Non-cereal crops                                    |
| Cropland - Temporary grass and clover leys                     |
| Cropland - Winter stubble                                      |
| Grassland - Modified grassland                                 |
| Grassland - Bracken                                            |
| Heathland and shrub - Rhododendron scrub                       |
| Lakes - Ornamental lake or pond                                |
| Sparsely vegetated land - Ruderal/ephemeral                    |
| Urban - Bioswale                                               |
| Urban - Allotments                                             |
| Urban - Facade-bound green wall                                |
| Urban - Ground based green wall                                |
| Urban - Ground level planters                                  |
| Urban - Other green roof                                       |
| Urban - Introduced shrub                                       |
| Urban - Rain garden                                            |
| Urban - Actively worked sand pit quarry or open cast mine      |
|                                                                |
| Urban - Bare ground                                            |
| Urban - Sustainable drainage system                            |
| Urban - Vacant or derelict land                                |
| Urban - Vegetated garden                                       |
| Woodland and forest - Other coniferous woodland                |
| Coastal saltmarsh - Artificial saltmarshes and saline reedbeds |
| Intertidal sediment - Artificial littoral coarse sediment      |

|                                                                     |
|---------------------------------------------------------------------|
| Intertidal sediment - Artificial littoral mud                       |
| Intertidal sediment - Artificial littoral sand                      |
| Intertidal sediment - Artificial littoral muddy sand                |
| Intertidal sediment - Artificial littoral mixed sediments           |
| Intertidal sediment - Artificial littoral seagrass                  |
| Intertidal sediment - Artificial littoral biogenic reefs            |
| Intertidal hard structures - Artificial hard structures             |
| Intertidal hard structures - Artificial features of hard structures |
| Heathland and shrub - Other sea buckthorn scrub                     |
| Urban - Intensive green roof                                        |
| Sparsely vegetated land - Tall forbs                                |

|                                                  |
|--------------------------------------------------|

### Habitat Description

Coastal lagoons - Coastal lagoons

Coastal saltmarsh - Saltmarshes and saline reedbeds

Cropland - Arable field margins cultivated annually

Cropland - Arable field margins game bird mix

Cropland - Arable field margins pollen and nectar

Cropland - Arable field margins tussocky

Cropland - Cereal crops

Cropland - Winter stubble

Cropland - Horticulture

Cropland - Intensive orchards

Cropland - Non-cereal crops

Cropland - Temporary grass and clover leys

Grassland - Traditional orchards

Grassland - Bracken

Grassland - Floodplain wetland mosaic and CFGM

Grassland - Lowland calcareous grassland

Grassland - Lowland dry acid grassland

Grassland - Lowland meadows

Grassland - Modified grassland

Grassland - Other lowland acid grassland

Grassland - Other neutral grassland

Grassland - Tall herb communities (H6430)

Grassland - Upland acid grassland

Grassland - Upland calcareous grassland

Grassland - Upland hay meadows

Heathland and shrub - Blackthorn scrub

Heathland and shrub - Bramble scrub

Heathland and shrub - Gorse scrub

Heathland and shrub - Hawthorn scrub

Heathland and shrub - Hazel scrub

Heathland and shrub - Willow scrub

Heathland and shrub - Lowland heathland

Heathland and shrub - Mixed scrub

|                                                                      |
|----------------------------------------------------------------------|
| Heathland and shrub - Mountain heaths and willow scrub               |
| Heathland and shrub - Rhododendron scrub                             |
| Heathland and shrub - Dunes with sea buckthorn (H2160)               |
| Heathland and shrub - Other sea buckthorn scrub                      |
| Heathland and shrub - Upland heathland                               |
| Intertidal sediment - Artificial littoral biogenic reefs             |
| Intertidal sediment - Artificial littoral coarse sediment            |
| Intertidal sediment - Artificial littoral mixed sediments            |
| Intertidal sediment - Artificial littoral muddy sand                 |
| Intertidal sediment - Artificial littoral seagrass                   |
| Intertidal sediment - Features of littoral sediment                  |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria           |
| Intertidal sediment - Littoral coarse sediment                       |
| Intertidal sediment - Littoral mixed sediments                       |
| Intertidal sediment - Littoral mud                                   |
| Intertidal sediment - Littoral seagrass                              |
| Intertidal sediment - Littoral seagrass on peat, clay or chalk       |
| Lakes - Aquifer fed naturally fluctuating water bodies               |
| Lakes - Ornamental lake or pond                                      |
| Lakes - High alkalinity lakes                                        |
| Lakes - Low alkalinity lakes                                         |
| Lakes - Marl lakes                                                   |
| Lakes - Moderate alkalinity lakes                                    |
| Lakes - Peat lakes                                                   |
| Lakes - Ponds (non-priority habitat)                                 |
| Lakes - Ponds (priority habitat)                                     |
| Lakes - Reservoirs                                                   |
| Lakes - Temporary lakes ponds and pools (H3170)                      |
| Rocky shore - Features of littoral rock                              |
| Rocky shore - Features of littoral rock - on peat, clay or chalk     |
| Rocky shore - High energy littoral rock                              |
| Rocky shore - High energy littoral rock - on peat, clay or chalk     |
| Rocky shore - Low energy littoral rock                               |
| Rocky shore - Low energy littoral rock - on peat, clay or chalk      |
| Rocky shore - Moderate energy littoral rock                          |
| Rocky shore - Moderate energy littoral rock - on peat, clay or chalk |
| Sparsely vegetated land - Calaminarian grasslands                    |
| Sparsely vegetated land - Coastal sand dunes                         |
| Sparsely vegetated land - Coastal vegetated shingle                  |
| Sparsely vegetated land - Inland rock outcrop and scree habitats     |
| Sparsely vegetated land - Limestone pavement                         |
| Sparsely vegetated land - Maritime cliff and slopes                  |
| Sparsely vegetated land - Other inland rock and scree                |
| Sparsely vegetated land - Ruderal/Ephemeral                          |
| Sparsely vegetated land - Tall forbs                                 |
| Urban - Vacant or derelict land                                      |
| Urban - Bare ground                                                  |
| Urban - Allotments                                                   |
| Urban - Artificial unvegetated, unsealed surface                     |
| Urban - Bioswale                                                     |
| Urban - Intensive green roof                                         |
| Urban - Built linear features                                        |
| Urban - Cemeteries and churchyards                                   |
| Urban - Developed land; sealed surface                               |

|                                                                                                         |
|---------------------------------------------------------------------------------------------------------|
| Urban - Other green roof                                                                                |
| Urban - Facade-bound green wall                                                                         |
| Urban - Ground based green wall                                                                         |
| Urban - Ground level planters                                                                           |
| Urban - Biodiverse green roof                                                                           |
| Urban - Introduced shrub                                                                                |
| Urban - Open mosaic habitats on previously developed land                                               |
| Urban - Rain garden                                                                                     |
| Urban - Actively worked sand pit quarry or open cast mine                                               |

| Small      | 3.6            | 0.0041   |
| Medium     | 7.2            | 0.0163   |
| Large      | 10.8           | 0.0366   |
| Very large | 15.6           | 0.0765   |

[Return to start](#)**Start condition****Target condition****Habitat**

Cropland - Arable field margins cultivated annually

Cropland - Arable field margins game bird mix

Cropland - Arable field margins pollen and nectar

Cropland - Arable field margins tussocky

Cropland - Cereal crops

Cropland - Winter stubble

Cropland - Horticulture

Cropland - Intensive orchards

Cropland - Non-cereal crops

Cropland - Temporary grass and clover leys

Grassland - Traditional orchards

Grassland - Bracken

Grassland - Floodplain wetland mosaic and CFGM

Grassland - Lowland calcareous grassland

Grassland - Lowland dry acid grassland

Grassland - Lowland meadows

Grassland - Modified grassland

Grassland - Other lowland acid grassland

Grassland - Other neutral grassland

Grassland - Tall herb communities (H6430)

Grassland - Upland acid grassland

Grassland - Upland calcareous grassland

Grassland - Upland hay meadows

Heathland and shrub - Blackthorn scrub

Heathland and shrub - Bramble scrub

Heathland and shrub - Gorse scrub

Heathland and shrub - Hawthorn scrub

Heathland and shrub - Hazel scrub

Heathland and shrub - Willow scrub

Heathland and shrub - Lowland heathland

Heathland and shrub - Mixed scrub

Heathland and shrub - Mountain heaths and willow scrub

Heathland and shrub - Rhododendron scrub

Heathland and shrub - Dunes with sea buckthorn (H2160)

Heathland and shrub - Other sea buckthorn scrub

Heathland and shrub - Upland heathland

Lakes - Aquifer fed naturally fluctuating water bodies

Lakes - High alkalinity lakes

Lakes - Low alkalinity lakes

Lakes - Marl lakes

Lakes - Moderate alkalinity lakes

Lakes - Peat lakes

|                                                                  |
|------------------------------------------------------------------|
| Lakes - Ponds (priority habitat)                                 |
| Lakes - Ponds (non-priority habitat)                             |
| Lakes - Reservoirs                                               |
| Lakes - Temporary lakes ponds and pools (H3170)                  |
| Sparsely vegetated land - Calaminarian grasslands                |
| Sparsely vegetated land - Coastal sand dunes                     |
| Sparsely vegetated land - Coastal vegetated shingle              |
| Sparsely vegetated land - Ruderal/Ephemeral                      |
| Sparsely vegetated land - Tall forbs                             |
| Sparsely vegetated land - Inland rock outcrop and scree habitats |
| Sparsely vegetated land - Limestone pavement                     |
| Sparsely vegetated land - Maritime cliff and slopes              |
| Sparsely vegetated land - Other inland rock and scree            |
| Urban - Allotments                                               |
| Lakes - Ornamental lake or pond                                  |
| Urban - Artificial unvegetated, unsealed surface                 |
| Urban - Bioswale                                                 |
| Urban - Intensive green roof                                     |
| Urban - Built linear features                                    |
| Urban - Cemeteries and churchyards                               |
| Urban - Developed land; sealed surface                           |
| Urban - Other green roof                                         |
| Urban - Facade-bound green wall                                  |
| Urban - Ground based green wall                                  |
| Urban - Ground level planters                                    |
| Urban - Biodiverse green roof                                    |
| Urban - Introduced shrub                                         |
| Urban - Open mosaic habitats on previously developed land        |
| Urban - Rain garden                                              |
| Urban - Actively worked sand pit quarry or open cast mine        |
| Individual trees - Urban tree                                    |
| Urban - Sustainable drainage system                              |
| Urban - Unvegetated garden                                       |
| Urban - Vacant or derelict land                                  |
| Urban - Bare ground                                              |
| Urban - Vegetated garden                                         |
| Wetland - Blanket bog                                            |
| Wetland - Depressions on peat substrates (H7150)                 |
| Wetland - Fens (upland and lowland)                              |
| Wetland - Lowland raised bog                                     |
| Wetland - Oceanic valley mire[1] (D2.1)                          |
| Wetland - Purple moor grass and rush pastures                    |
| Wetland - Reedbeds                                               |
| Wetland - Transition mires and quaking bogs (H7140)              |
| Woodland and forest - Felled                                     |
| Woodland and forest - Lowland beech and yew woodland             |
| Woodland and forest - Lowland mixed deciduous woodland           |
| Woodland and forest - Native pine woodlands                      |
| Woodland and forest - Other coniferous woodland                  |
| Woodland and forest - Other Scot's pine woodland                 |
| Woodland and forest - Other woodland; broadleaved                |
| Woodland and forest - Other woodland; mixed                      |
| Woodland and forest - Upland birchwoods                          |
| Woodland and forest - Upland mixed ashwoods                      |
| Woodland and forest - Upland oakwood                             |

|                                                                                                                |
|----------------------------------------------------------------------------------------------------------------|
| Woodland and forest - Wet woodland                                                                             |
| Woodland and forest - Wood-pasture and parkland                                                                |
| Coastal lagoons - Coastal lagoons                                                                              |
| Rocky shore - High energy littoral rock                                                                        |
| Rocky shore - High energy littoral rock - on peat, clay or chalk                                               |
| Rocky shore - Moderate energy littoral rock                                                                    |
| Rocky shore - Moderate energy littoral rock - on peat, clay or chalk                                           |
| Rocky shore - Low energy littoral rock                                                                         |
| Rocky shore - Low energy littoral rock - on peat, clay or chalk                                                |
| Rocky shore - Features of littoral rock                                                                        |
| Rocky shore - Features of littoral rock - on peat, clay or chalk                                               |
| Intertidal sediment - Littoral coarse sediment                                                                 |
| Intertidal sediment - Littoral mud                                                                             |
| Intertidal sediment - Littoral mixed sediments                                                                 |
| Coastal saltmarsh - Saltmarshes and saline reedbeds                                                            |
| Coastal saltmarsh - Artificial saltmarshes and saline reedbeds                                                 |
| Intertidal sediment - Littoral seagrass                                                                        |
| Intertidal sediment - Littoral seagrass on peat, clay or chalk                                                 |
| Intertidal sediment - Littoral biogenic reefs - Mussels                                                        |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria                                                     |
| Intertidal sediment - Features of littoral sediment                                                            |
| Intertidal sediment - Artificial littoral coarse sediment                                                      |
| Intertidal sediment - Artificial littoral mud                                                                  |
| Intertidal sediment - Artificial littoral sand                                                                 |
| Intertidal sediment - Artificial littoral muddy sand                                                           |
| Intertidal sediment - Artificial littoral mixed sediments                                                      |
| Intertidal sediment - Artificial littoral seagrass                                                             |
| Intertidal sediment - Artificial littoral biogenic reefs                                                       |
| Intertidal sediment - Littoral sand                                                                            |
| Intertidal sediment - Littoral muddy sand                                                                      |
| Intertidal hard structures - Artificial hard structures                                                        |
| Intertidal hard structures - Artificial features of hard structures                                            |
| Intertidal hard structures - Artificial hard structures with integrated greening of grey infrastructure (IGGI) |
| Watercourse footprint - Watercourse footprint                                                                  |
| Individual trees - Rural tree                                                                                  |

### Habitat Description

Cropland - Arable field margins cultivated annually

Cropland - Arable field margins game bird mix

Cropland - Arable field margins pollen and nectar

Cropland - Arable field margins tussocky

Cropland - Cereal crops

Cropland - Winter stubble

Cropland - Horticulture

Cropland - Intensive orchards

Cropland - Non-cereal crops

Cropland - Temporary grass and clover leys

Grassland - Traditional orchards

Grassland - Bracken

Grassland - Floodplain wetland mosaic and CFGM

Grassland - Lowland calcareous grassland

Grassland - Lowland dry acid grassland

Grassland - Lowland meadows

Grassland - Modified grassland

Grassland - Other lowland acid grassland

Grassland - Other neutral grassland

Grassland - Tall herb communities (H6430)

Grassland - Upland acid grassland

Grassland - Upland calcareous grassland

Grassland - Upland hay meadows

Heathland and shrub - Blackthorn scrub

Heathland and shrub - Bramble scrub

Heathland and shrub - Gorse scrub

Heathland and shrub - Hawthorn scrub

Heathland and shrub - Hazel scrub

Heathland and shrub - Lowland heathland

Heathland and shrub - Mixed scrub

Heathland and shrub - Mountain heaths and willow scrub

Heathland and shrub - Rhododendron scrub

Heathland and shrub - Dunes with sea buckthorn (H2160)

Heathland and shrub - Other sea buckthorn scrub

Heathland and shrub - Willow scrub

Heathland and shrub - Upland heathland

Lakes - Aquifer fed naturally fluctuating water bodies

Lakes - High alkalinity lakes

Lakes - Low alkalinity lakes

Lakes - Marl lakes

Lakes - Moderate alkalinity lakes

Lakes - Peat lakes

Lakes - Ponds (priority habitat)

Lakes - Ponds (non-priority habitat)

Lakes - Reservoirs

Lakes - Temporary lakes ponds and pools (H3170)

Sparsely vegetated land - Calaminarian grasslands

Sparsely vegetated land - Coastal sand dunes

|                                                                  |
|------------------------------------------------------------------|
| Sparsely vegetated land - Coastal vegetated shingle              |
| Sparsely vegetated land - Ruderal/Ephemeral                      |
| Sparsely vegetated land - Tall forbs                             |
| Sparsely vegetated land - Inland rock outcrop and scree habitats |
| Sparsely vegetated land - Limestone pavement                     |
| Sparsely vegetated land - Maritime cliff and slopes              |
| Sparsely vegetated land - Other inland rock and scree            |
| Urban - Allotments                                               |
| Lakes - Ornamental lake or pond                                  |
| Urban - Artificial unvegetated, unsealed surface                 |
| Urban - Bioswale                                                 |
| Urban - Intensive green roof                                     |
| Urban - Built linear features                                    |
| Urban - Cemeteries and churchyards                               |
| Urban - Developed land; sealed surface                           |
| Urban - Other green roof                                         |
| Urban - Facade-bound green wall                                  |
| Urban - Ground based green wall                                  |
| Urban - Ground level planters                                    |
| Urban - Biodiverse green roof                                    |
| Urban - Introduced shrub                                         |
| Urban - Open mosaic habitats on previously developed land        |
| Urban - Rain garden                                              |
| Urban - Actively worked sand pit quarry or open cast mine        |
| Individual trees - Urban tree                                    |
| Urban - Sustainable drainage system                              |
| Urban - Unvegetated garden                                       |
| Urban - Vacant or derelict land                                  |
| Urban - Bare ground                                              |
| Urban - Vegetated garden                                         |
| Wetland - Blanket bog                                            |
| Wetland - Depressions on peat substrates (H7150)                 |
| Wetland - Fens (upland and lowland)                              |
| Wetland - Lowland raised bog                                     |
| Wetland - Oceanic valley mire[1] (D2.1)                          |
| Wetland - Purple moor grass and rush pastures                    |
| Wetland - Reedbeds                                               |
| Wetland - Transition mires and quaking bogs (H7140)              |
| Woodland and forest - Felled                                     |
| Woodland and forest - Lowland beech and yew woodland             |
| Woodland and forest - Lowland mixed deciduous woodland           |
| Woodland and forest - Native pine woodlands                      |
| Woodland and forest - Other coniferous woodland                  |
| Woodland and forest - Other Scot's pine woodland                 |
| Woodland and forest - Other woodland; broadleaved                |
| Woodland and forest - Other woodland; mixed                      |
| Woodland and forest - Upland birchwoods                          |
| Woodland and forest - Upland mixed ashwoods                      |
| Woodland and forest - Upland oakwood                             |
| Woodland and forest - Wet woodland                               |
| Woodland and forest - Wood-pasture and parkland                  |
| Coastal lagoons - Coastal lagoons                                |
| Rocky shore - High energy littoral rock                          |
| Rocky shore - High energy littoral rock - on peat, clay or chalk |

|                                                                                                                |
|----------------------------------------------------------------------------------------------------------------|
| Rocky shore - Moderate energy littoral rock                                                                    |
| Rocky shore - Moderate energy littoral rock - on peat, clay or chalk                                           |
| Rocky shore - Low energy littoral rock                                                                         |
| Rocky shore - Low energy littoral rock - on peat, clay or chalk                                                |
| Rocky shore - Features of littoral rock                                                                        |
| Rocky shore - Features of littoral rock - on peat, clay or chalk                                               |
| Intertidal sediment - Littoral coarse sediment                                                                 |
| Intertidal sediment - Littoral mud                                                                             |
| Intertidal sediment - Littoral mixed sediments                                                                 |
| Coastal saltmarsh - Saltmarshes and saline reedbeds                                                            |
| Coastal saltmarsh - Artificial saltmarshes and saline reedbeds                                                 |
| Intertidal sediment - Littoral seagrass                                                                        |
| Intertidal sediment - Littoral seagrass on peat, clay or chalk                                                 |
| Intertidal sediment - Littoral biogenic reefs - Mussels                                                        |
| Intertidal sediment - Littoral biogenic reefs - Sabellaria                                                     |
| Intertidal sediment - Features of littoral sediment                                                            |
| Intertidal sediment - Artificial littoral coarse sediment                                                      |
| Intertidal sediment - Artificial littoral mud                                                                  |
| Intertidal sediment - Artificial littoral sand                                                                 |
| Intertidal sediment - Artificial littoral muddy sand                                                           |
| Intertidal sediment - Artificial littoral mixed sediments                                                      |
| Intertidal sediment - Artificial littoral seagrass                                                             |
| Intertidal sediment - Artificial littoral biogenic reefs                                                       |
| Intertidal sediment - Littoral sand                                                                            |
| Intertidal sediment - Littoral muddy sand                                                                      |
| Intertidal hard structures - Artificial hard structures                                                        |
| Intertidal hard structures - Artificial features of hard structures                                            |
| Intertidal hard structures - Artificial hard structures with integrated greening of grey infrastructure (IGGI) |
| Watercourse footprint - Watercourse footprint                                                                  |
| Individual trees - Rural tree                                                                                  |

### Phase 1 Habitat

Woodland

Broadleaved woodland

Semi-natural broadleaved woodland

Plantation broadleaved woodland

Coniferous woodland

Semi-natural coniferous woodland

Plantation coniferous woodland

Mixed woodland

Semi-natural mixed woodland

Plantation mixed woodland

Scrub

Dense / continuous scrub

Scattered scrub

Parkland / scattered trees

Broadleaved parkland / scattered trees

Coniferous parkland / scattered trees

Mixed parkland / scattered trees

Scattered trees

Scattered trees

Recently-felled woodland

Broadleaved recently felled woodland

Coniferous recently felled woodland

Mixed recently felled woodland

Acid grassland

Acid grassland

Unimproved acid grassland

Unimproved acid grassland

Semi-improved acid grassland (Good quality)

Semi-improved acid grassland (Good quality)

Semi-improved acid grassland (Poor quality)

Neutral grassland

Unimproved neutral grassland

Semi-improved neutral grassland (Good quality)

Semi-improved neutral grassland (Poor quality)

Calcareous grassland

Calcareous grassland

Unimproved calcareous grassland

Unimproved calcareous grassland

Semi-improved calcareous grassland (Good quality)

Semi-improved calcareous grassland (Good quality)

| Urban - Facade-bound green wall                                      |
| Urban - Ground based green wall                                      |
| Urban - Ground level planters                                        |
| Urban - Biodiverse green roof                                        |
| Urban - Introduced shrub                                             |
| Urban - Open mosaic habitats on previously developed land            |
| Urban - Rain garden                                                  |
| Urban - Actively worked sand pit quarry or open cast mine            |
| Individual trees - Urban tree                                        |
| Urban - Sustainable drainage system                                  |
| Urban - Unvegetated garden                                           |
| Urban - Vacant or derelict land                                      |
| Urban - Vegetated garden                                             |
| Wetland - Blanket bog                                                |
| Wetland - Depressions on peat substrates (H7150)                     |
| Wetland - Fens (upland and lowland)                                  |
| Wetland - Lowland raised bog                                         |
| Wetland - Oceanic valley mire[1] (D2.1)                              |
| Wetland - Purple moor grass and rush pastures                        |
| Wetland - Reedbeds                                                   |
| Wetland - Transition mires and quaking bogs (H7140)                  |
| Woodland and forest - Felled                                         |
| Woodland and forest - Lowland beech and yew woodland                 |
| Woodland and forest - Lowland mixed deciduous woodland               |
| Woodland and forest - Native pine woodlands                          |
| Woodland and forest - Other coniferous woodland                      |
| Woodland and forest - Other Scot's pine woodland                     |
| Woodland and forest - Other woodland; broadleaved                    |
| Woodland and forest - Other woodland; mixed                          |
| Woodland and forest - Upland birchwoods                              |
| Woodland and forest - Upland mixed ashwoods                          |
| Woodland and forest - Upland oakwood                                 |
| Woodland and forest - Wet woodland                                   |
| Woodland and forest - Wood-pasture and parkland                      |
| Coastal lagoons - Coastal lagoons                                    |
| Rocky shore - High energy littoral rock                              |
| Rocky shore - High energy littoral rock - on peat, clay or chalk     |
| Rocky shore - Moderate energy littoral rock                          |
| Rocky shore - Moderate energy littoral rock - on peat, clay or chalk |
| Rocky shore - Low energy littoral rock                               |
| Rocky shore - Low energy littoral rock - on peat, clay or chalk      |
