Dear Mr Peter Barnett

I am writing with regards to storage solutions that want to extended there opening hours which is opposite my house. I would be grateful if you would consider not approving this, I feel that as Gordon road is residential and the street is being effected by the storage solutions already. More traffic is causing problems, with traffic and buses are stuck waiting and queuing for longer and longer and i feel this well only get worse with extended hours. Parking safety is now an issue out side my house and I have witnesses people dumping items outside on the grass of storage solutions. When the traffic is bad the privacy of my house is poor as people on bus are stuck and bored so have a look in through my windows. I feel that if the hours are extended that this will devalue my property as it will be less of a residential area. The signs of this building are very bold and already make this residential road look less residential and more industrial.

When storage solutions took over the grounds they where well aware of the restricted opening hours and should of considered this before they moved in if it was going to be a problem. We have had previous problems with the opening hours of palace drinks changing hours and having lorries in and out all night when they was meant to close at set hours. Noise disturbance with longer opening hours will also cause me stress as I work shifts and go to bed at 9 and feel I will not be able to get enough sleep.

Hope you understand my concerns and information put forward to you.

Many Thanks
Mr Albert Clout
