To Peter Barnett.

I am writing in great distress about the application of the storage company that want to extended there opening hours.
I do not think this is right, after great problems having palace drinks there with lorries in and out all night abuse from the staff and lorries crashing in to the post outside my house. And scratching cars along the road out side 97 to 101. I can confirm I do not wish to let them have there opening extended from the hours they have already. I have already noticed that there is a lot more traffic and parking safety issues since they have arrived as staff are parking on street not inside there own grounds. People have dumbed cupboards and other items out side on the grass. I feel that the house prices will drop with the extended hours.
