

WEST SUSSEX COUNTY COUNCIL CONSULTATION

TO:	Adur & Worthing Councils FAO: Peter Barnett
FROM:	WSSC – Highways Authority
DATE:	2 nd March 2026
LOCATION:	Waters Edge Anchor Close Shoreham-by-Sea West Sussex
SUBJECT:	AWDM/0971/25 To erect a composite/wooden bicycle shelter to accommodate 48 bicycles using two tier stands, relocate parking space.
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	Advice

WSSC in its role of Local Highway Authority (LHA) has been consulted on the proposals for highway safety, capacity and access.

Comments

The proposed "Greenwich Cycle Enclosure" is in accordance with the main principles of good quality cycle parking, in that it is secure, convenient to use and weatherproof.

The immediate area does appear to benefit from high levels of natural surveillance and be secure, having secure door locks or key codes to enable access.

The proposed cycle parking areas are convenient to access and located in good proximity to the existing building entrances and should not require users to take them into lifts or up/downstairs.

The relocated parking space has been shown on the submitted aerial shot. No objections raised to this aspect of the proposals; the bay should be 2.4 by 5.0 metres in dimensions.

Conclusion

The LHA would not raise an objection to the proposals; the application is considered in accordance with National Planning Policy Framework (NPPF) paras 115 and 116.
