Protest against –Planning Application AWDM/0301/17

Dear Mr Peck

My wife and I must, most strongly protest against the above planning application on the following grounds:

- There is already bad traffic congestion a School start and end times, as there is a significant primary school only some 50-60 yards up Buckingham Road
- Mothers and Fathers taking their children to/from school, cause mayhem as they temporarily park their cars on the grass verge, in front of driveways and sometimes double park as well. At school start and end times it is often impossible to get out of my driveway in our car. This includes parking on the road/pavement on both sides of number 48.
- Parking in Buckingham Road is on both sides of the Road in most places, this means that very often two cars cannot both proceed in their opposite directions, without one vehicle giving way by pulling in and 'parking', albeit briefly, to allow the other vehicle to pass.
- The Road is a bus route for two service buses, this makes the Road a extremely difficult to use at the times when a bus is travelling in either direction
- Given that we are aware that there was considerable protest against the application in June last year, we are puzzled as to how the works got approved then (and now an amendment as well) ! ?

On a final point, it is very clear to residents in Buckingham road that considerable work has already been carried out at no 48 to convert it for Nursery School use. Hence why this planning application some 13 months after the first application ?

We will visit the planning office and await your reply to this letter

Yours Sincerely

[redacted]

Ken and Lorna Jamieson
