SUPPORTING STATEMENT RE: 10 Salisbury Rod, Worthing, BN11 1RY

NOTICE/0024/25/INVAL

We have been providing services to the local authority for over 25 years, specifically for children and young people in their care.

This property has been used since 1999.

Currently six vulnerable 16 – 18 year olds in the care of the local authority are being supported with staff onsite 24/7 at the property.

The HMO licence renewal was made in 2023, and an extension to 7 beds was requested in partnership with the local authority in early 2025. This was issued February 2025.

An appointed employee submitted the renewal application in December 2025 and received a response from Ms Elaine Rousseau (NOTICE/0024/25/INVAL). Shortly afterwards the employee left the organisation passing this to a new employee's mailbox. Unfortunately, a prompt response was not actioned.

The application submitted 27 March 2026, follows the statements in the letter.

Laura Thorpe, Director has contacted Elaine to discuss the matter further.
