Comments: This further application seems to follow on from application AWDM/0983/12 to which we objected on privacy grounds. We see that this application (AWDM/1259/12) is different in that the side extension has been dropped. Other details appear to be the same. Our objection, once again, is with the large rear, west, dormer which will affect our privacy drastically. It will also seriously affect the privacy of several of our Myrtle Road neighbours.
