Description

Please describe details of the proposed development or works including any change of use

There is a 20m2 cabin at Kingfisher Branch of Ball Tree Surgery that currently houses our pharmacy team. We would like to renew the planning for this cabin to ensure that we continue to have space for this critical service.

We also urgently require a matching additional 20m2 cabin to house newly recruited urgent-care medical professional staff (Paramedics and Advanced Nurses).

This second cabin would be directly adjacent to the existing cabin and would not impinge into the car park area by more than a metre or so and would not impact on staff parking. We do not have sufficient space for our primary care team in either of our locations and so are in urgent need of additional work spaces. We have explored alternate options and in the immediate term this is the most practicable solution.
