| <b>RECOMMENDATION:</b>     | Advice                                                                                             |

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application is for secondary vehicular access to create in out driveway, new brick wall with piers. The site is located on Upper Brighton Road, an A-classified road which forms part of the A27 in this location.

As part of the A27, National Highways would be the Highways Authority in this location and as such, the LPA may wish to consult with them for comments with regards to the proposed scheme.
