PLANNING SERVICES

Erection of 13no. self-storage units on land to west.

1-3 Eastern Avenue Shoreham by Sea

Dear Peter Barnett

I have viewed the planning application proposed above and as owner/occupier of 128 Gordon Road, object to the proposal as the storage containers will be directly against the fence at the bottom of my garden. The general public will have access until late at night 7 days a week. Already the flood lights shine into our back bedrooms and I presume extra lights will be installed to enable clear vision for customers of Ready Steady Store. It will mean more noise and disturbance. Residents at this end of Gordon Road suffer enough with the noise in this surrounding area. If you permit this planning application it would be a courtesy on the part of the above store to erect a 10' high fence on my boundary to block light and glare from cars and flood lights. This scheme will inevitably cause extra traffic in an already congested environment. It may have escaped your attention but this is a residential area and most people living here have to work and disturbed sleep is detrimental to their health.

With regards

[redacted]
