Reference AWDM/0349/21

For the attention of Peter Barnett

Dear Sir

As neighbours most affected by this proposed extension, we make the following comments :

1. We are on very friendly terms with our neighbours and fully understand their desire to create extra space in their small kitchen area.
2. However, this proposed extension will have a dramatic, adverse effect on our existing Southerly view from our kitchen window and cause loss of natural light, as shown on the attached drawing, No B100,
3. When I spoke previously to our neighbour, Mr James Muddle, about our concerns, he gave us the verbal assurance that the extension will be limited to 3000mm in height. However, his drawings submitted for planning approval do not show any height dimension and scale at 3200 mm. It is our hope that a compromise can be reached where the your planning approval conditions can include a restriction on height to, say, 3100mm. This will go part of the way to compensate for our loss.

Yours Faithfully

Rodney Way & Judy Way
