1. Introduction

One of the visions for Ropetackle was to create a sustainable development, in a variety of ways. For example, enhanced thermal properties, choice of local materials and sustainable travel choices, as part of our contribution to reducing carbon emissions. As part of the planning process, a Travel Plan was developed for the final phase of the site, and this is now being implemented as occupation of the site commences.

The Travel Plan is an on-going process and a Travel Plan Steering Group, with representatives from residents and businesses, will monitor travel patterns and needs and promote sustainable travel initiatives for the benefit of Ropetackle residents, employers, employees and visitors.

This file has been compiled for you, the RESIDENT, to give you information about your travel choices. Various discounts and offers are available to residents to promote bus, train and cycle usage.

You should keep this file handy, and insert new travel information as and when you receive any.

West Sussex County Council and Adur District Council have websites that give lots of local travel information – this file provides some shortcuts to that information.

You could also check out the excellent local website which tells you all you need to know about what's going on in and around Shoreham-by-sea:

Coastal Link and Sculpture Trail

If you fancy something a little more laid back, a stroll and picnic along the Coastal Link makes a relaxing half-day alternative to sightseeing. The Coastal Link is an important pedestrian, bridle and cycle path, which runs along the banks of the River Adur.

The Coastal Link joins Shoreham to the South Downs and connects with the South Downs Way and the Downs Link - two long distance bridle and cycle paths. There are many other walks, bridle and cycle paths throughout the district, which provide pleasant routes around the Downs and the River Valley.

5. Cycling in the Shoreham Area

West Sussex County Council

WSCC have a variety of cycling resources on their website, including an on-line cycle map and leaflet for the Shoreham to Worthing coastal route, which is contained within this file.

www.westsussex.gov.uk and select 'Roads & pathways'

Cycle Training Courses

Cycle training courses will be made available to residents of Ropetackle – check with the Travel Plan Co-ordinator or Noticeboards for forthcoming courses. These will cover child training from age 6+ working towards 'Bikeability Badges', adult refresher courses and also advanced courses, provided by qualified external trainers.

Coastal Route - Shoreham to Worthing

The Shoreham to Worthing cycle route was completed in 2007. It forms the last part of an almost traffic-free cycle path between Brighton and Worthing along the coast.

The route has a wonderful picturesque backdrop of the South Downs and takes you past Widewater Lagoon Local Nature Reserve and the Lancing Sailing Club on the way to Worthing. This route completely avoids the busy A259.

The path is also used by pedestrians and cyclists are asked to take care when using the route and to give way to pedestrians.
