Martin,

Thank you for forwarding the Ropetackle Travel Plan to me for comments. The TP largely accords with our requirements however I would be grateful if you could revise the Resident's Welcome Pack to include the following:

- Information about the County Council's 3-in-1 Card (concessionary bus fares for 5-19 year olds in ft education)
- information about concessionary fares/passes for older people (responsibility for this is due to transfer to the County Council is shortly)
- The potential financial benefits of car sharing (e.g. sharing a 10 mile drive to work every with one other person saves around £400 pa in petrol costs alone)

One other point for your info, it will soon be possible to plan cycle journeys on our website using the CycleStreets journey planner, which is due to be embedded in to our site in the New Year. You may therefore like to keep an eye on our cycling pages as this tool will no doubt be useful for Graylingwell resis as well as Ropetackle.

Finally, I was slightly unclear about the monitoring arrangements (section 5.4). Perhaps you could clarify that these will be TRICS SAM surveys undertaken by an approved TRICS SAM enumerating company? Additional household (travel behaviour) surveys undertaken by the TP Co-ordinator would also help to complement the TRICS SAM data and provide further information about the potential for modal shift.

Wishing you a Merry Christmas and a very Happy New Year,
Andy

Andy Mouland Project Officer - ***TRAVELWISE***, Sustainable Transport Group, West Sussex County Council

Think sustainably. Do you have to print? Can you double side? Do you need colour?

Subject Ropetackle Development, Shoreham

Andy

I attach a copy of the Travel Plan that is being submitted to Keith Morgan at Adur District Council for the above development. He suggested that I also send this to you direct since he will need to consult with you on this matter.

At the time of writing the lease for the commercial unit has not been agreed but it is looking like it could be a bike shop – how convenient is that!

Regards

Martin Brownsey
