Dear Marie O'keeffe

Thanks for your visit today my wife and myself have had further thoughts and we would not be in a position in the foreseeable future to go ahead with any extension on the proposed plans.

we also now feel that this would impact the light and use of the second reception room on our property

if for some reason we are in a position to extend the we would go for a joint application

With this in mind we wish to withdraw our support for the proposed extension.
