Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Privacy Light and Noise
Comments:	The proposed development with parking for 150 cars combined with on street parking will cause further traffic congestion along the seafront. Ferring is primarily a retirement area with many residents being well into their 70/80s. The noise and light pollution caused by the proposed live music entertainment will most certainly be detrimental both to residents physical and mental wellbeing. The green sward opposite the proposed development is used by many as a place for quiet enjoyment - a live entertainment bar will most certainly put an end to this.

Kind regards
