Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I wish to object to the proposed application for the following reasons: I strongly object to animals being used for entertainment purposes and I believe this is unethical and unjust towards the animals. It will create a huge amount of litter and rubbish which will inevitably blow towards the sea and into the ocean, contributing to further pollution and is detrimental to marine life. This area has always been a green space, open and clear of unsightly developments, such as toilets which will be on view from the road. There is no need for a childrens sandpit as the beach is over the road. The crossing of the road

is hazardous and could potentially cause road accidents, involving young children who may be playing in the proposed playground. The overnight parking will attract more than just kite surfers and swimmers and could cause the area to become dangerous at night, and disrespected by those camping overnight. The shipping containers will be unsightly and the wheeled advertising trailer is unnecessary as worthing is a popular seaside town already, it does not need further advertisement.

Kind regards
