Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Loss of General Amenity
Comments:	Goring Gap is an unspoilt piece of land and should remain so. If planning permission is allowed the proposed developments will spoil the current peace and openness of the environment and introduce a commercial element which is totally unsuitable on this site. Furthermore it represents the "thin edge of the wedge" whereby future requests for planning permission for permanent residential and commercial development will be much more difficult to block, not only on this site but others within the locality.

Kind regards
