Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	This application is not in keeping with the visual aesthetics of Goring Gap. Parking can already be difficult but extra visitors would make this even worse. People live here because they like things to be quiet. The noise pollution would be awful. My neighbours have issues with me simply making day to day noise. They won't cope

The space is not available for development of any kind (Local Plan Pages 58-61).

It is a local wildlife site-the biodiversity loss would go against all efforts to increase this.

There are already too many camper vans parking overnight. This would only encourage more.

I have moved here for my own mental health and wellbeing. I don't need a loud party venue on my door stop.

Kind regards
