Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Privacy Light and Noise
Comments:	I would like to complain about this proposal for the following reasons. It is a green gap area and should remain as one. The proposed activities will create noise, traffic and parking problems in surrounding roads. Light pollution in an area that is successfully biodiverse. Fumes from traffic. It is in an area that is a green gap and should remain so. No building should take place on an area in a green gap. Loss of visual appeal. Overnight parking will also create noise and is currently prohibited. Having a bar that closes at 11.30, 7 days a week will mean loud music, noise of people coming and going. Possibly have drunk people causing damage to the local area. Ferring is a quiet, peaceful village where there is virtually no crime, noise or traffic and using this protected area for a bar will ruin it. This needs to be stopped

Kind regards
